I'm writing to be sure you know that, because of the sheer volume of media inquiries on the Gold King Mine incident, we are posting regular updates – including press releases and frequently asked questions -- at www.epa.gov/GoldKingMine.

If you have questions that can't be met through that material, please email press@epa.gov with "MEDIA REQUEST" in the subject line.

Thanks,

Cynthia Peterson

Hi Cynthia,

I'm a DC-based reporter covering the Colorado mine spill. I just had a question about the contractor EPA was using to plug southern Colorado mines. What contractor was being used to plug the mines? Please let me know ASAP. Thanks!

Best,

Mike
